Welcome to University College of the North

We are delighted to introduce you to the many benefits of attending UCN. Our viewbook features a wealth of information on our range of educational support services and more than 40 degree, diploma and certificate programs.

We serve a vast geographical area with two main campuses in The Pas and Thompson, and 12 regional centres. You’ll feel at home no matter where you study at UCN. We pride ourselves on being a student- and family-centric institution that values a healthy balance of academic and personal life.

Here you’ll discover a college and a university that meets the unique learning needs of northern Manitoba. Our flexible programming enables you to transition from certificate to diploma programs, or diploma to degree programs if your career goals change. Small class sizes ensure you have the advantage of personal interactions with instructors and classmates.

Here you’ll experience quality education that inspires students who are building better lives for themselves, their families and their communities. What are your life goals? What do you aspire to become and achieve?

Take your next steps at UCN.

HERE YOU CAN.
THE PAS —
GATEWAY TO
NORTHERN MANITOBA
The Pas campus is located in one of the oldest and most striking settlements in northern Manitoba. Incorporated in 1912, the Town of The Pas is a traditional trading spot for Indigenous peoples and settlers. Today, the town thrives as a vital regional service centre with a diversified economic base in agriculture, forestry, industry, transportation and tourism.

The Pas has enjoyed a long and positive relationship with its neighbours on the Opaskwayak Cree Nation, one of Canada’s most progressive Indigenous communities. In each of its four distinct seasons, The Pas offers unique recreational and cultural activities. Outdoor enthusiasts find themselves right at home here. The area’s raw natural beauty attracts visitors from around the world — particularly to nearby Clearwater Lake Provincial Park, featuring one of the most pristine bodies of water in North America.

**OUR CAMPUS**

The new Oscar Lathlin library was opened in 2013. Occupying more than 16,000 square feet, this research facility includes computer workstations, study areas, rooms for private meetings and a campus commons area for students.

Our residence at The Pas is attached to campus so students have direct access to classrooms. Students also benefit from an onsite student laundry facility, as well as a cafeteria, gym and fitness area. The campus is within short walking distance of the Roy H. Johnston Arena, a curling rink, ball field, track, swimming pool and a community center.

For those who enjoy the outdoors, The Pas has a great deal to offer, with miles of walking trails just off campus.

**THE AREA’S RAW NATURAL BEAUTY ATTRACTS VISITORS FROM AROUND THE WORLD — PARTICULARLY TO NEARBY CLEARWATER LAKE PROVINCIAL PARK.**
THOMPSON — HUB OF THE NORTH
WE OFFER ALL THE AMENITIES OF A THRIVING URBAN CENTRE SURROUNDED BY PRISTINE WILDERNESS.

Thompson’s natural surroundings are rich with culture, history and the spirit of the people who live here. Incorporated in 1967, the city is located on the Burntwood River in north-central Manitoba. This is traditional Nisichawayasihk Cree Nation territory and homeland of the Métis people, both celebrated for their warm northern hospitality.

Thompson is anchored in the rugged Canadian shield and boreal forest. While the historical economic growth of the area has been rooted in mining, the city is now considered to be the regional centre for health, education, government, transportation and retail services.

OUR CAMPUS

The Thompson campus was completed in 2014. Convenient and contemporary, the site offers all the amenities of a thriving urban centre surrounded by pristine wilderness. This is a great place to live, study, play and raise a family.

The campus is connected directly to the Thompson Regional Community Centre, a state-of-the-art recreational facility that features two rinks, a walking track, curling club, gym and a fully-equipped fitness centre. It’s a convenient place to stay in shape and clear your head between classes all year round.

UCN’s Thompson campus is also located close to R.D. Parker Collegiate, the local high school. This proximity has exposed high school students to the benefits of post-secondary education and has led to an increase in graduates applying to UCN.
HOUSING AND RESIDENCE
UCN offers housing to meet the needs of single students and students with families at both The Pas and Thompson campuses. Family housing includes three- and four-bedroom townhomes close to all facilities and services. Rent is geared towards income.

HOUSING AT THOMPSON CAMPUS
The Copper Apartments comprise two secure buildings located only a 15-minute walk from campus.

11 COPPER
This building features 19 one- or two-bedroom units. More than half are furnished. Laundry facilities are located on the first floor.

21 COPPER
This 19-unit building features bachelor, one- and two-bedroom apartments. All are fully furnished. Students share accommodations in the two-bedroom units. Students may request specific individuals as roommates on their application. If possible, the resident attendant will accommodate the request. Laundry facilities are located on the first floor.

HOUSING AT THE PAS CAMPUS
The Carroll Residence is a popular, convenient and affordable on-campus living choice for many UCN students. The residence offers a quiet, clean and comfortable environment in which to socialize, sleep and study. There are no single rooms available within The Carroll Residence. Students can request specific individuals as roommates on their application. If possible, the resident attendant will accommodate the request. The residence is an alcohol- and drug-free environment. The environment promotes a high academic success rate by providing special student supports including close student and staff interactions, social development and peer support. Residence applications, guides and fees are available on the UCN website.

Features of the Carroll Residence
- 50 double rooms
- Mini fridges in every room
- Shared kitchen on main floor
- Laundry facility located in basement of campus
- Common room with cable TV on main floor

FOOD SERVICES

THOMPSON CAMPUS
The Pita Pit delivers a fresh approach to healthy eating. This multi-cuisine fast food restaurant is a popular and convenient spot to find salads, pita wraps, smoothies and specialty coffees. The Pita Pit also offers catering services for meetings, special events, tournaments and other activities.

THE PAS CAMPUS
This full-service cafeteria offers a variety of food and drink selections. The menu features full breakfast, lunch and dinner options, including burgers, pizzas and other entrées. Check out the full salad bar and wide range of snack items. The cafeteria is partly staffed by students in the Culinary Arts program.

AWARDS, BURSARIES AND SCHOLARSHIPS
Our range of awards, bursaries and scholarships recognize students’ achievements and help reduce financial stress. You can apply any time throughout the academic year. Check out our full list online at ucn.ca/awards. For more information, visit or contact the Financial Aid and Awards office in Thompson at 204.677.6402 or The Pas at 204.627.8517.

FINANCIAL AID
We make every effort to provide current and prospective students with accurate information, guidance and all the necessary resources they need to fund their education. Students have the option to create a payment plan through UCN Finance, apply for a bank or student loan, or seek sponsorship through Manitoba Employment and Training Services. Indigenous students have the option to seek sponsorship through Métis Employment and Training or the Education Authority in their community. For more information, visit or contact the Financial Aid and Awards office in Thompson at 204.677.6402 or The Pas at 204.627.8517.
ASSESSMENT SERVICES

Transferring to UCN from another college or university? Looking for a change in careers? Considering UCN as your first postsecondary experience? Our Assessment Services staff are ready to help you:

• Find a career path appropriate to your likes
• Make certain you have the skills to be successful in your program of choice
• Get transfer credits for courses you have already taken at another post-secondary institution
• Get credit for skills you already have through your work experience

We also offer exam services at a nominal fee if you are taking a course through another institution.

ACADEMIC ADVISING

No matter what UCN campus you attend, our academic advisors can provide you with information related to the academic program you’re interested in. They can also help you select the courses needed to meet your life and career goals, and connect you with caring people, resources and other support services. You can meet with an advisor for a quick conversation about options for electives, a longer discussion about academic progress, or a series of appointments about achieving your goal. Visit ucn.ca/advising for more information.

ACCESSIBILITY SERVICES

Student Accessibility Services (SAS) provides support and advocacy for students who may require accommodations. Reasonable accommodations may be provided if you have a documented physical, neurological, medical, mental health, hearing, vision or temporary disability.

LEARNERS’ ASSISTANCE CENTRE (LAC)

The LAC offers free and confidential learning assistance no matter what year you’re enrolled in. Through tutoring, guidance in writing papers and study tips for exams, LAC coordinators help you develop the motivation, confidence and skills you need to succeed during your academic year at UCN.
RECREATION

THE PAS CAMPUS

Enjoy the use of a fully equipped gymnasium where we host many sporting and fitness events throughout the year. Intramural sports include basketball, badminton, curling, floor hockey and volleyball. Students have priority use of the gym through intramural programming, fitness classes, open gym time and occasional tournaments.

We also offer winter activities such as snowshoeing and curling. UCN is just five minutes from pristine backcountry and the Rosie Mayne cross-country ski trails. For a nominal fee, you can also access our well-equipped weight and cardio rooms for all your fitness needs.

THOMPSON CAMPUS

The Student Association Council (SAC) partners with UCN and other educational institutions to promote various recreational and social activities. Students enjoy activities such as basketball, badminton, volleyball and slo-pitch softball.

SAC also hosts such special student and family events as water volleyball games, bowling nights, craft nights, barbecues and fun fairs. Although the campus does not have a gym, City of Thompson facilities nearby include the Norplex swimming pool, Mystery Mountain Ski Hill, indoor and outdoor arenas, a curling rink, ball diamonds, tennis and racquet ball courts, a golf course and a fitness centre. Many of these sites offer student rates.

ELDER PROGRAM

UCN has a long-established Elder program under the direction of the resident Elder. The Elder is available for advice and counsel to staff and students.

KANAWENIMAWASOWIN CHILD CARE CENTRE

THE PAS CAMPUS

This non-profit, community-based child care facility is licensed for 74 children from 12 weeks to 6 years of age. We are open from 7:30 a.m. to 5:30 p.m. Monday to Friday with the exception of statutory holidays.

New children are enrolled as spaces become available. Children can be put on our wait list by calling the centre at 204.627.8550 (ext. 1), or through the Province of Manitoba’s child care registry: manitoba.ca/onlinechildcareregistry
1.888.213.4754

Priority is given to:
1. UCN full time students
2. UCN part time students
3. UCN faculty and staff

PNW Early Learning and Child Care Centre

THOMPSON CAMPUS

We are a non-profit, community-based child care facility licensed for 74 children from 12 weeks to 12 years of age. Our hours are 8:00 a.m. to 5:15 p.m. Monday to Friday with the exception of statutory holidays.

New children are enrolled as spaces become available. Children can be put on our wait list by calling the centre at 204.778.6113, or through the Province of Manitoba’s child care registry:
manitoba.ca/onlinechildcareregistry
1.888.213.4754

Priority is given to:
1. UCN full time students
2. UCN faculty and staff
3. The local community
4. UCN part time students
5. The local community
ACADEMIC PROGRAMS
BAMBI MELKO
BUSINESS ADMINISTRATION DIPLOMA

I’m a mother of two, and at UCN I’m able to study part-time. I love the sense of community here. The classes are smaller so you get to know your peers better.

For me, UCN means flexibility.

BACHELOR OF ARTS (BA)

A BA degree provides students with important skills in the areas of written and oral communication, research, independent and critical thinking, problem solving and team work. These skills arise from engagement with various academic disciplines, courses and intellectual perspectives, and are highly sought after in many employment situations, including the public, corporate and non-profit sectors. A BA degree is also invaluable for students entering professional programs such as law, education and accounting, or continuing on in graduate programs.

BACHELOR OF ARTS – THREE-YEAR DEGREE

UCN’s three-year BA degree provides students with a solid background in the liberal arts, helping them to gain a broad base of knowledge as well as general skills in the areas of reading and understanding, analysis and evaluation, problem solving and communication.

BACHELOR OF ARTS – FOUR-YEAR DEGREE

The four-year BA degree program provides the same broad base of knowledge and general skills as the three-year program; however, students have the added opportunity to specialize in one area of study through a major.

BACHELOR OF ARTS – THREE & FOUR-YEAR DEGREE – MAJORS AND MINORS

Aboriginal and Northern Studies
English
Aboriginal/Indigenous Literatures (minor only)
History
Science
Social science

BACHELOR OF BUSINESS ADMINISTRATION (BBA)

A BBA degree helps students acquire important skills in the areas of management, organization, motivation and leadership. This 2+2 program (two years of college plus two years of university) reflects the mandate of UCN by incorporating Aboriginal and northern Manitoba perspectives in its subject areas. Students will learn how to apply decision-making processes and communicate effectively in public and private business enterprises.

BUSINESS ADMINISTRATION

This two-year diploma program provides graduates with the knowledge and skills required for small-business entrepreneurship and entry-level management positions in business, industry and public administration.

COMMUNITY ECONOMIC DEVELOPMENT

Students in this two-year diploma program receive the knowledge and skills required for a range of employment and self-employment opportunities, including contributing to the health of the natural environment, building on community resources and capacities, increasing community control and ownership, and stabilizing local and community economies.

ENGINEERING

Through a partnership with the University of Manitoba (U of M), students can take required first-year engineering courses at UCN. Admission into U of M is competitive and based on the best eight grades from the 12 possible courses completed.

OFFICE ASSISTANT

This certificate program helps students develop the proficiency in office skills needed to succeed in entry-level administrative positions. Students learn essential business skills such as computer applications, keyboarding, filing, business communications, bookkeeping and administrative office procedures.
FACULTY OF EDUCATION

KENANOW BACHELOR OF EDUCATION (BED)

UCN’s BED program provides a northern-based and Aboriginal-focused teacher education program. An Aboriginal perspective is evident throughout the program, which incorporates information gathered from extensive consultations. The program meets the requirements of Manitoba Education and responds to specific issues arising in our region for the education of Aboriginal and northern children and youth.

PROGRAM STREAMS

BACHELOR OF ARTS/BACHELOR OF EDUCATION WITH A MIDDLE-YEARS FOCUS

Students may fulfill the requirements for the breadth courses and teachable subjects while enrolled in this program. Students must also fulfill the requirements for a Bachelor of Arts and the Bachelor of Education.

BACHELOR OF INTERDISCIPLINARY STUDIES/BACHELOR OF EDUCATION WITH A MIDDLE-YEARS FOCUS

Students may fulfill the requirements for the breadth courses and teachable subjects while enrolled in this program. Students must also fulfill the requirements for a Bachelor of Interdisciplinary Studies and the Bachelor of Education.

AFTER DEGREE BACHELOR OF EDUCATION WITH A MIDDLE-YEARS FOCUS

Students with a completed undergraduate degree may register in this after-degree stream.

BACHELOR OF ARTS AND BACHELOR OF EDUCATION INTEGRATED STREAM

Students must satisfactorily complete the requirements for the Kenanow Bachelor of Education program. They must also meet the requirements for an undergraduate degree, and breadth courses and teachable subjects required for admission to the after-degree stream.

BACHELOR OF INTERDISCIPLINARY STUDIES

This three-year degree program provides students with a solid background in the liberal arts and sciences. Students gain a broad base of knowledge as well as general skills in the areas of reading and understanding, analysis and evaluation, problem solving and communication. As program requirements may vary, students should consult individual program and course information.

KENANOW BACHELOR OF EDUCATION – AFTER DEGREE

Students will complete 60 credit hours of education courses. The combined length of the student teaching practicum course is 24 weeks. Generally, this program takes two years to complete. The length of the program may be extended if students have not met the requirements for teacher certification in their first degree or if students attend the program part-time.

EARLY CHILDHOOD EDUCATION

This diploma program maximizes student’s knowledge, skills and attitudes required for employment and advancement in the field of early childhood education. The program provides flexibility in delivery options, is implemented using adult learning principles, has opportunities for individualization, and recognizes students’ existing knowledge through a “recognition of prior learning” process.

EDUCATIONAL ASSISTANT

This is a paraprofessional certificate program that provides individuals with the knowledge and skills to deliver educational assistance to students, teachers, counsellors and other educational professionals in a variety of settings. Graduates are able to assist students with lessons under direct supervision of classroom teachers, monitor and report to classroom teachers on student progress, assist in the preparation of learning materials and environment, and perform other support functions as required.

ABORIGINAL AND NORTHERN COUNSELLING SKILLS

Students in this certificate program receive the knowledge and skills required to deliver culturally proficient counselling for Aboriginal and northern populations. All courses reflect Aboriginal philosophy and culture, although elements of western counselling practice have been included where appropriate.

DAWN GAWLIUK

BACHELOR OF ARTS

BACHELOR OF EDUCATION

I teach grades six, seven and eight at Scott Bateman Middle School. I still have access to UCN’s resources today even though I’m no longer a student. For example, I was able to bring 40 of my students here to experience a full cultural day. The students made dream catchers, baked bannock and learned about Aboriginal teachings.

UCN is a great place for your education.
FACULTY OF HEALTH

BACHELOR OF NURSING
This is a four-year program offered in partnership with the University of Manitoba. Students are able to complete all four years of the program at UCN’s The Pas or Thompson campuses. The program offers a community-based approach to health care delivery with a focus on the health of northern people and the learning needs of students.

DIPLOMA IN PRACTICAL NURSING (DPN)
Licensed practical nurses are working in an expanding array of settings with increasing demands in leadership roles. The UCN DPN program provides students with the knowledge to work as professional members of the health care team and to successfully assume leadership roles as a licensed practical nurse.

HEALTH CARE AIDE
This six-month program prepares students to function as a health care team member in institutional and community settings. Graduates will be knowledgeable about the basic functional requirements of individuals and families who are experiencing commonly occurring short-term and chronic mental health, physical, emotional and spiritual challenges.

PRIMARY CARE PARAMEDIC
Students in this certificate program are instructed to the level of a primary care paramedic, who serves as a vital link in the health care team. The majority of prehospital emergency medical care in Manitoba is provided by these professionals. Students will develop the knowledge and skills necessary to provide emergency medical care at a level based on National Occupational Competency Profile developed by the profession, as well as additional skills and knowledge set out by the provincial regulator.

LAW ENFORCEMENT
This specialized three-term program helps students develop the academic, interpersonal, fitness, and other skills required for the application process in a number of careers in the justice system. We promote positive communication, integrity and teamwork.
COLLEGE OF TRADES & TECHNOLOGY

AUTOMOTIVE TECHNICIAN
This one-year certificate program helps students develop an understanding of the basic purpose, construction, operation and service of component parts and assemblies of an automobile. Graduates acquire the knowledge and skills required to disassemble, inspect, machine-calibrate and reassemble motor vehicle units and components with an emphasis on health and safety in the workplace.

CARPENTRY/WOODWORKING
Students in this one-year program learn basic carpentry knowledge and the skills to gain employment in the construction field. Students will learn all phases of the woodworking and building construction trades. Skills learned include blueprint reading, hand-tool and machine woodworking, framing, concrete forming, roofing, interior and exterior finishing, cabinet making and stair building, with an emphasis on safety in the workplace.

CULINARY ARTS
This is a 40-week program designed to provide students with the knowledge and skills they need for employment in the field. Students will develop culinary-arts skills while working and preparing food in the UCN cafeteria.

ELECTRICAL TRADES FUNDAMENTALS
This certificate program teaches students the skills and knowledge required to become employed in a variety of jobs within the electrical field. The program also prepares students for studies in related technologies. Graduates may pursue further training in various apprenticeship streams that lead to certification as a journeyperson in the construction, industrial, power or lineperson fields.

FACILITIES TECHNICIAN
Learn the skills to manage, maintain and operate a variety of facilities such as office buildings, arenas and schools. The program is ideal for those currently employed or seeking employment in the housing, construction or community service industries.

HEAVY DUTY MECHANICS
Students in this program receive broad-based training in the heavy duty mechanical field. Sound theoretical training is emphasized to meet the challenges presented by increasingly complex designs found in today’s on- and off-road trucks, as well as in construction and forestry equipment. Fundamental skills of the trade are reinforced through exposure to practical applications. Other areas of the program include computer applications and business management skills.

INDUSTRIAL WELDING
Learn the skills to become employed as a welding operator, welder’s helper or an apprentice. This program is heavily oriented towards hands-on experience. The practical portion includes arc welding, oxyacetylene welding, brazing, G.M.A.W, G.T.A.W. and arc-air.

KEVIN KEEPER
One of my friends encouraged me to go to UCN. She kept telling me that I can do this, and luckily I did. I’ve been indentured and now I’m working towards my electrician certificate.

For me, UCN has been the greatest opportunity.

NATURAL RESOURCES MANAGEMENT TECHNICIAN
Students in this two-year diploma program train for a wide range of employment opportunities in the field of natural resources management. The training emphasizes interrelationships among forests, water, fish and wildlife, and is designed to provide the technical skills required in the use and management of natural resources.

PLUMBING TRADES FUNDAMENTALS
This 10-month certificate program helps individuals develop basic working knowledge, skills and competencies related to residential and commercial plumbing. Upon completion students are prepared to work in plumbing-related positions in construction or maintenance companies. Graduates may pursue further training in a plumbing apprenticeship program.
JOEL HIGHWAY
MATURE STUDENT
HIGH SCHOOL DIPLOMA
FACILITIES TECHNICIAN
ELECTRICAL TRADES
FUNDAMENTALS

I chose UCN because it’s the only university close to my home town. When I started classes here I realized it’s a very good place to get my education.

For me, UCN is very supportive.
