University College of the North's Community & Industry Solutions Serves More On-line Courses Than Ever

(The Pas, MB) –University College of the North's (UCN) Community & Industry Solutions is providing access to more than 1000 on-line courses and programs to people, industries, and communities in the north.

BIS Training Solutions (<https://www.bistrainer.com/store/university-college-of-the-north-store/home>) is a leading provider of educational products for safety training in Canada. Likewise, Ed2Go (ed2go.com/ucn) provides a broad range of on-line training spanning from general interest (learn a new language), to professional development courses (intro to networking), to full programs (a leadership suite).

“Partnering with BIS and Ed2Go has given us a pipeline of high-quality training to connect to communities and industries,” said Rob Penner, Associate Vice-President of UCN Community & Industry Solutions. “This enables a person or business in northern Manitoba to work with us to develop a personal or a professional development plan that directly addresses their goals.”

UCN Community & Industry Solutions continually updates its suite of training opportunities at ucn.ca/cis. You can also contact Training Solutions at trainingsolutions@ucn.ca or call 1-204-627-8500 ext 8601 for information on online, or other, training resources at UCN.

University College of the North provides learning opportunities to northern communities while respecting diverse Indigenous and northern values.
